

Epson AcuLaser M7000N Series

DATASHEET

The Epson AcuLaser M7000N Series is the ideal printing solution for small to medium workgroups requiring a compact, A3 monochrome printer. The M7000N will integrate effortlessly into any business environment, handle large workloads effectively, deliver high quality prints, and is simple and easy to use.

The high-performance associated with the AcuLaser M7000N means users benefit from a fast print speed of 32ppm and a high duty cycle of up to 100,000 pages, while professional-quality printing is easily achieved with a dot correction function and 1200dpi resolution. The AcuLaser M7000N is network ready, with Gigabit Ethernet connectivity, PCL6 and PS3 emulations, IPv6 and IPSec, ensuring compatibility for multiple users across many IT networks.

This Epson A3 printer allows users to switch easily between different paper sizes and output, from envelopes to A3 documents. A paper capacity of up to 1,380 pages means that productivity is increased, as users won't have to frequently refill with paper. An additional 'sort function' allows users to switch between horizontal and vertical output to easily sort business documents when several copies are printed.

Long-lasting toner supplies, along with optional duplex printing, allow businesses to optimise cost per page, resulting in a low TCO. Furthermore, an ENERGY STAR-qualification for reduced power consumption and environmental impact, along with the Epson cartridge Return and Recycle program¹, means that there is no compromise between cost and ecology.

KEY FEATURES

- High-performance, compact monochrome A3 laser printer
- High durability with a duty cycle of up to 100,000 pages
- Print A6 to A3 with fast printing at 32ppm in A4
- Professional resolution at 1200dpi with dot correction function
- Gigabit Ethernet, USB 2.0 connectivity and optional Parallel Interface Card

The AL-M7000D2TN with duplex unit and additional paper trays as standard

WARRANTY Standard Optional	1-year on site 3-year on site (ECPGRP50)

PRODUCT MODELS

- AcuLaser M7000N (network)
- AcuLaser M7000DN (duplex and network)
- AcuLaser M7000TN (additional paper tray and network)
- AcuLaser M7000DTN (duplex, additional paper tray and network)
- AcuLaser M7000D2TN (duplex, 2 additional paper trays and network)

WHAT'S IN THE BOX

- Printer
- Power cable
- Software CD
- Instruction and notice sheets
- Warranty sheet
- Initial toner cartridge

SUPPLIES

- Imaging Cartridge (15,000 pages²)
- Return Imaging Cartridge¹ (15,000 pages²)

OPTIONAL ACCESSORIES

- 500-sheet paper tray³
- Duplex Unit³
- Parallel Interface Card

RETURN AND RECYCLE

Return toner cartridges provide customers with a lower priced toner cartridge on the agreement that the empty cartridge will be returned via Epson's free toner collection programme. Toner cartridge return is available only in countries where Epson collection is available. Please visit www.epson.com/recycle for more details about products and availability.

1 The Epson Return and Recycle program is not available in all countries

2 ISO/IEC19798 and ISO/IEC24712 yield test reports

3 Already included with selected models
