

# Epson DM-D110 (712): Customer display head only (EDG)

---

Communicate clearly with your customers using this easy to read, high speed display

The 2x20 character format dot-matrix panel gives the DM-D series ample power to convey your message. The wide viewing angle of the vacuum-fluorescent panel and the clear display, plus a tilt and swivel head that can be adjusted to any position make these displays supremely easy to read. In addition, the high-speed data transfer rate of up to 115200 bps enables speedy display of information while the built-in flash memory supports extensive fonts.
