

## Compact, low profile 9-pin dot matrix printers for industrial and point of sales applications

### Compact, fast and reliable

Fast, flexible and well proven the ML280eco can be found in a wide range of mission critical applications throughout retail, manufacturing and the service sector. Its compact, low profile design makes it ideal for under the counter positioning in point of sale and workstation applications where space is limited.

### Versatile and efficient printing

The ML280eco can feed both cut sheet and continuous paper with low tear-off allowing continuous forms to be printed and removed, on demand. Its long life 9-pin print head delivers high quality documents, producing up to 4 copies simultaneously.

Top, bottom and rear paper input paths provide versatility and a platen pin feed is standard to push feed 80 column sprocket feed paper. An optional top pull tractor is available for feeding, narrower width papers and labels.

A Roll Paper Stand (RPS) option is also available for, continuous, tamper free printing of passenger lists, call logs and industrial data logs.

### Eco-friendly and Cost effective

The ML280eco have been developed to be eco-friendly. OKI's SoC (System on Chip) technology reduces power consumption to an impressively low 2.4W in power save mode, your running costs and energy consumption are kept to a minimum, as well as reducing your carbon footprint.

### OKI's commitment to customers

The OKI brand is one of proven reliability and value. We provide printers that increase our customers' long-term business performance without impacting their budget.

With almost half a century of experience in the impact printer industry, with OKI you are guaranteed a best-in-class, low cost, reliable and easy to use printer.

### Highlights:

- Very compact, low profile design
- 80 column dot matrix printer
- Up to 375 characters per second (cps) print speed
- Long life, 200 million character print head
- Multi-part paper-handling (original + 3 copies)
- Platen mounted pin feed accommodates sprocket paper from 242 to 254mm wide
- 3 million character ribbon life
- OKI Microline, Epson FX and IBM Graphics printer emulations
- Centronics parallel and USB 2.0 interfaces

## ML280eco – Dot Matrix Printer

Printer	
Number of pins	9
Columns	80 (10cpi); 160 (maximum in compression mode)
Character pitch	10/12/15/17.1/20 pitch and proportional
Graphics resolution	Up to 240 x 216dpi
Print speed	Super Speed Draft: 375cps (12cpi); High Speed Draft: 333cps; Utility: 250cps; Near Letter Quality: 62.5cps
Interface and Emulations	
Interfaces	Centronics parallel interface, USB 2.0
Emulations	Epson LX, IBM Graphics, Microline
Typeface & font	SSD, HSD, Utility, NLQ, Barcodes
Typestyle	Emphasised, Enhanced, Double Width, Double Height, Italics, Underline, Compressed, Subscript, Superscript
Paper Handling	
Continuous paper (Length)	76.2 – 241.3mm
First printable line (from top of page)	Continuous (multi-parts): 16.9mm; Cut sheet (single sheet): 15mm
Copy capability	Up to 1 original + 3 copies (continuous paper only)
Paper feeding	Autoload single sheet, Platen pin feed, Low tear-off, Paper end detection
Optional paper feeding	Pull tractor (Top position, rear/bottom feed), Roll paper stand

General Features	
Input buffer	128Kbytes
Power supply	Single phase 220 to 240VAC, +/- 10%, frequency 50/60Hz
Power consumption	Rolling ASCII, Utility: approx. 40W; Power Save: 2.4W Max
Noise level	<b>ISO7779:</b> 51dB(A) (quiet mode); 58dB(A) (Utility mode)
Dimensions (HxWxD)	80 x 360 x 275mm
Weight	3.9kg approx
Print Head life	200 million characters (average) in 10cpi Utility mode at normal 25% duty cycle, 35% page density
Reliability	MTBF: 20,000 hours (duty cycle 25%, page density 35%)
Product order numbers	42590034
Accessories (Order Numbers)	
Roll Paper Stand	40108610
Pull Tractor	YA4025-1715G002
Consumables (Order Number)	
Ribbon (3 million characters)	44641501

**Consumables Information:** Only use genuine OKI original consumables to ensure the best quality and performance from your hardware. Non OKI original products may damage your printer's performance and invalidate your warranty.
